at the Haute Ecole Arc Conservation-restauration in Neuchâtel
8.30 a.m. to 5 p.m., room 324

February 27th 2017

at 20:00

CONFERENCE «ICY HERITAGE. THE CONSERVATION OF EARLY EXPLORER'S HUTS IN ANTARTICA: SCOTT, SHAKLETON, BORCHGREVINK AND HILLARY»

Programme Manager for the Antarctic Heritage Trust (NZ) Lizzie Meek will make a presentation of the work the Trust has carried out on the expedition bases left in Antarctica by Scott, Shackleton, Borchgrevink and Hillary.

For more than a decade the New Zealand based charity has run a world-leading cold climate conservation project, engaging over 60 heritage specialists to work on the building and the 20,000+ artefact collection.

The conference take place at the Muséum d'Histoire Naturelle,
Rue des Terreaux 14, 2000 Neuchâtel, Switzerland.

The conference will be in English

February 28th 2017

from 8:30 to 17:00

WORKSHOP «CONSERVATION OF FOOD CANS IN COLLECTIONS»

In the framework of the CANS project (Conservation of cAns in collectioNS) funded by the Swiss National Science Foundation, the Haute Ecole Arc Conservation-restauration, in collaboration with the other partners organizes a workshop with international guests on the topic of conservation, characterization and comprehension of food cans, still retaining their original content preserved in museums and collections.

The workshop will take place at the Haute Ecole Arc Conservation-restauration,
Espace de l'Europe 11, 2000 Neuchâtel, Switzerland.
Room 324
