**5TH RESEARCH WORKSHOP ON
EXPORT MANAGEMENT**

**FUTURE INTERNATIONALISATION
STRATEGIES:
FOCUS ON BEST PRACTICES OF
EXPORT MANAGEMENT**

EVENT OVERVIEW

La Haute école de gestion Arc (HEG Arc), in partnership with the ESCE (International Business School Paris), the LEM (Lille Economics Management) and the ULCO (Université Littoral Côte d'Opale), is proud to invite you to the **5th Export Management annual scientific workshop**.

CONFERENCE THEME

Many companies across the world have the desire to export their activities outside the national borders, which could be initiated by different ways in order to capture trends and find out what competitors are offering; developing a relationship with their abroad customers, who can assist the firm in the export and integration processes in the host country; developing contacts with other firms located in the same region, allowing knowledge sharing and encouraging local firms to export.

The objective of this workshop is not only to exchange best practices of export management from SMEs and MNCs but also the role they play together, the future strategy the companies should adopt to respond to global challenges and also the dark-side of the exporting relationships.

This workshop aims at creating relationships between international business and management sciences and promoting the interdisciplinary analysis in the area of SMEs and MNCs export activities.

It highlights the contributions and methodologies related to each of these disciplines and allow young researchers present and discuss their work with senior researchers and practitioners.

TARGET AUDIENCE

- Academic researchers of international business and management sciences (professors, young researchers and students);
- Professionals of SMEs and MNCs
